

# Design a Healthwatch poster

**healthwatch**  
Southend

Healthwatch Southend are always trying to make sure more people know about them and what they do. Have a go at designing a poster to tell people how they can get help from Healthwatch Hampshire.

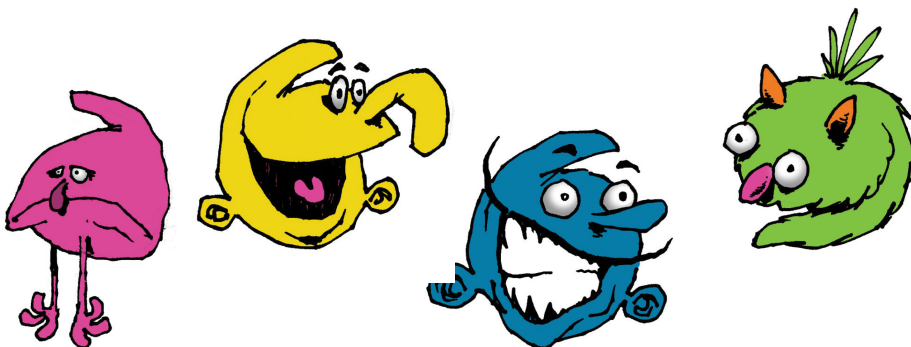

**Healthwatch listens to people's stories and experiences of local health and social care services**

**Healthwatch gives people information about local health and social care services**

**Healthwatch always need more people to help spread the word**

## Finished already?

You might have already seen our Healthwatch characters in some of the work you have been doing. We really like them but we would like to have more! Have a go at designing your own characters... Consider what they look like, how they feel and what they might be called.

Why not have a go at writing a story including your new characters. Have a think about what services they might have used... Did they have a good or a bad experience? Did anybody help them? Did they tell anyone else about their experience? How did they feel?

Ask your teacher to send us your finished designs and we might use your design in future work with schools and young people!
